Lights On The Hill Joy McKean (Slim Dusty)

SHEDDING THE BLUES

Capo D on 1(Eb)
[D] [D]

It's a **[D]**long straight road and the engine is deep
I **[G]**can't help thinkin' of a good night's sleep
And the **[A]**long long roads of my li-ife were a callin' **[D]**me
These **[D]**rough old hands are a-glued to the wheel
My **[G]**eyes full of sand from the way they feel
And the **[A]**lights comin' over the hill are a-blindin' **[D]**me

It's a **[D]**long tough haul from a-way down south
A **[G]**man's gotta find a little bread for his mouth
And a **[A]**home for a girl as sweet as my honey can **[D]**be
So it's **[D]**down through the gears, she's a startin' to pull
The **[G]**gauge on the tank is a-showin' they're full
And the **[A]**lights comin' over the hill are a-blindin' **[D]**me

There's **[A]**rain on the road,
I can feel the load start a-**[D]**shiftin', in a dance
Too **[A]**late I see the post
and I haven't got a ghost of a **[D]**chance Ah-hah-hah-no

The **[D]**windscreen wipers are a-beatin' in time
The **[G]**song they sing is a part of my mind
And I **[A]**can't believe it's a-really happenin' to **[D]**me
Oh, but **[D]**I'm over the edge and down the mountain side
I **[G]**know they'll tell about the night I died
In the **[A]**rain when the lights on the hill were a-blindin' **[D]**me

Instrumental play over verse
