SHEDDING THE BLUES

Youtube clip

[G] [G] [C] [C] [Am] [Am] [G] [G]

[G] North wind rolling down, **[C]** my friends are leaving town
[Am] I know they're waiting just for **[G]** me
[G] One more summer gone, **[C]** and one more winter song
[Am] And one more time I tried to **[G]** leave

[Am] Maybe it's the **[C]** lonesome way
you **[G]** turn your head and **[Em]** smile
[Am] Each time the **[C]** snow begins to **[G]** fall
[Am] Maybe it's the **[C]** fact that you're a-**[G]**-round me all the **[Em]** time
[Am] That keeps me **[C]** going through it **[G]** all

[G] If I could make you see... **[C]** I'm not the man you need
[Am] I just don't make the staying **[G]** kind
[G] Then like the snowbird flies... **[C]** we go, my songs and I
[Am] Instead of staying one more **[G]** time
