[G] Use to drive a beat up Chevy, And a broke down raggly Ford  
Played a million one night gigs, Out on the lonesome ro-ad  
But now I'm [C] cruisin', And I ain't looking [G] ba-ack  
I [D] still got the blues, [C] But I got'em in my [G] Cadillac

My records start to selling, And I saved a little bread  
I bought myself a Fleetwood, Painted lip-stick red  
And now I'm [C] cruisin', And I ai-ain't looking [G] ba-ack  
I [D] still got the blues, [C] But I got'em in my [G] Cadilla-ac

Solo twice

Stop

[G!] Cadillac's a fine car, It's [G!] got everything I need

I [D] still got the blues, [C] But I got'em in my Fleetwood [G] Cadilla-ac

I switch on my air conditioning, And hit that cruise control  
Push in some smoking music, And let the good ti-imes roll  
Yes I'm [C] cruisin', And I ai-ain't looking [G] back  
I [D] still got the blues, [C] But I got'em in my [G] Cadilla-ac

The hard times ain't all over, I still got bills to pay  
But I can jump into my Caddy, And dri-ive my blues away  
Yes I'm [C] cruisin', And I ai-ain't looking [G] ba-ack  
I [D] still got the blues, [C] But I got'em in my [G] Cadilla-ac
