

Careful How You Go

Kim Richey

capo 7

G

On a midnight survey of the town

No place special, just around

C

The snow fell down like feathers from the sky

And all the good people were in their beds

With the reading lamps on overhead

And the curtains drawn against the night

CHORUS

Quiet now, softly now

F **G F G F G**

Careful how you go

House to house to garden gate

People waiting on buses, that left too late

Too late now, they're wishing they were home

It gets slippery here, so watch your step

We don't wanna break the spell just yet

C

The ice is thin, but maybe it'll hold

Careful how you go
