

Little River Band - Curiosity Killed The Cat

[Intro] Am Em Am Em Am Em Am Em

[Verse 1]

Am Em

Sometimes I think I'm just a crazy cat,

Am Em

Running around don't know where it's at

Am Em

Getting confused with my way of life,

Am Em

That's when you say now you cut that jive.

D C Em

D C Em

Right now

Right now

Am Em

You keep this flame I have alight in me,

Am Em

And with this cat it's curiosity,

Am Em

That keeps me hanging on night and day,

Am Em

Surprisingly again I hear you say.

D C Em

D C!

Guess what

Guess what

[Chorus]

Am Em

Curiosity killed the cat,

Am Em

I'm telling you I know where it's at,

Am Em

Love is everywhere to be found,

Am Em

Open your eyes and look around.

[Interlude] Am Em Am Em x4

[Verse 2]

Am Em

Some things you say take me by surprise,

Am Em

I like your style so give me your advice,

Am Em

Send me the truth and I'll always be,

Am Em

singing your song with you in harmony.

D C Em

D C!

That's right

That's right

[Chorus x 2]

[Outro]
