

Empty Garden

Elton John & Bernie Taupin

Key Eb

Capo 3

What [F] happened here

As the New York sunset [C] disappeared

I found an empty [G] garden among the flagstones [Am] there

Whooo, [F] lived here

He must have been a gardener that [C] cared a lot

Who weeded out the tears and grew a [G] good crop

And now it all looks [Am] strange

It's funny how one [F] insect, can [G] damage, so much [C] grain

And [F] what's it for

This little empty garden by the [C] brownstone door

And in the cracks along the [G] sidewalk, nothing grows no [Am] more

Whoooo. [F] lived here

He must have been a gardener that [C] cared a lot

Who weeded out the tears and grew a [G] good crop

And we are so [Am] amazed, we're crippled and we're [F] dazed

A gardener like that [G] one, no one can replace[C]

And I've been [F] knocking, but no one [C] answers

And I've been [F] knocking, most of the [Am] day

Oh oh I've been [Dm] calling, oh hey hey [Em] Johnny

Can't you come [F] out, [G] to play [C]

And [F] through their tears

Some say he farmed his best in [C] younger years

But he'd have said that roots grow [G] stronger, if only he could [Am] hear.

Whooooo. [F] lived there

He must have been a gardener that [C] cared a lot

Who weeded out the tears and grew a [G] good crop

And now we pray for [Am] rain, and with every drop that [F] pours

We [G] hear, we hear your name[C]

And I've been [F] knocking, but no one [C] answers

And I've been [F] knocking, most of the [Am] day

Oh and I've been [Dm] calling, oh hey hey [Am] Johnny

Can't you come [F] out, [G] to play [C]

And I've been [F] knocking, but no one [C] answers

And I've been [F] knocking, most all the [Am] day

Oh and I've been [Dm] calling, oh hey hey [Am] Johnny

Can't you come out[F] , [G] cant you come out to play[C] , [Dm] Johnny

[F] Can't you come out to play, [G] in your empty [C] garden, [Dm] Johnny

[F] Can't you come out to play, [G] in your empty [C] garden, [Dm] Johnny

[F] Can't you come out to play, [G] in your empty [C] garden, [Dm] Johnny

[F] Can't you come out to play, [G] in your empty [C] garden, [Dm]
