

Greenville

Lucinda Williams

Go back to [G picking] Greenville... just go on back to [C] Greenville

Don't wanna [C strumming] see you again or hold your hand
Cause you don't really love me, I'm not your man
I'm [F] not your man... oh I'm [C] not your man

Go back to [G picking] Greenville... just go on back to [C] Greenville

You [C strumming] scream and shout and you make a scene
When you open your mouth you never say what you mean
[F] Say what you mean... oh [C] say what you mean

Go back to [G picking] Greenville just go on back to [C] Greenville

You [C strumming] drink hard liquor you come on strong
You lose your temper someone looks at you wrong
[F] Looks at you wrong... oh [C] looks at you wrong

Go back to [G picking] Greenville... just go on back to [C] Greenville

[C strumming] Out all night singin' on the stand
Looking for a fight with a guitarist in your band
Gui-[F] -tarist in your band... gui-[C] -tarist in your band

Go back to [G picking] Greenville... just go on back to [C] Greenville

[C strumming] Empty bottles and broken glass
Busted doors looking for the hidden stash
The [F] hidden stash... oh the [C] hidden stash

Go back to [G picking] Greenville... just go on back to [C] Greenville

[C strumming] Looking for someone to save you
Looking for someone to rave about you
To [F] rave about you... oh to [C] rave about you

Go back to [G picking] Greenville... just go on back to [C] Greenville

Go back to [G] Greenville... just go on back to [C] Greenville [C >]
