I wish I could say all the things that I should say  
G Em  
Say 'em loud, say 'em clear

For the whole round world to hear

G Em A D  
Remove all the bars that keep us apart  
G Em C G  
I wish you could know what it means to be me  
G Em D G  
Then you'd see and agree that every man should be free

[Verse 3]

**G**                    **Em**                    **C**                    **G**  
I wish I could give all I'm longin' to give  
**G**                    **Em**                    **A**                    **D**  
I wish I could live like I'm longin' to live  
**G**                    **Em**                    **C**                    **G**  
I wish I could do all the things that I can do  
                         **G**                    **Em**                    **D**                    **G**  
Though I'm way over due I'd be starting anew

[Verse 4]

**G**                    **Em**                    **C**                    **G**  
I wish I could be like a bird in the sky  
                         **G**                    **Em**                    **A**                    **D**  
How sweet it would be if I found I could fly  
                         **G**                    **Em**                    **C**                    **G**  
I'd soar to the sun and look down at the sea  
**G**                                            **Em**                    **D**                    **G**  
And I sing 'cause I know how it feels to be free
