LINCOLN LADY

DADGAD CAPO On 3

F

Day dawns and the town stirs

Bb

A ship as proud as them all

Rees Bryant a true seasoned sailor

Prepared to board and to trawl

Lincoln Lady stood gallant her bow was strong

A steel hull protecting its crew

Rees Bryant was loved by his family and friends

And all the good deeds he did do

Dm F C

Oh oh oh

Dm F C

Oh oh oh proud and strong

This day was no was no different

no thought of what was to come

The prawn nets released a picture of grace

Then the calm seas came undone

Soon the seas they did swell

A freak wave hit the stern

Rees lost his footing and over the side

C

He won't ever be seen again

Oh oh

In desperation the ship turned around

Does it make any sense

But all they could see through the mist

Was the whitecaps and water intense

pause

So much sadness upon their return

There where tears in their eyes

Another one lost at sea

Feelings too hard to disguise

Oh oh

It's hard to take it all in

Or just what they all felt

But through praying a solace was shared

And together they knelt -

Hallelujah

Try to keep in your thoughts

All the brave ones who risk,

Their lives to work on the seas

To keep our plates full of fish
