

Locomotion

Little Eva

[G] Oh [Em] yeah uh-uh-[G]-huh oh [Em] yeah

[G] Everybody's doin' a [Em] brand new dance now
([G] Come on baby ... [Em] do the loco-motion)

I [G] know you'll get to like it if you [Em] give it a chance now
([G] Come on baby ... [Em] do the loco-motion)

My [C] little baby sister can [Am] do it with ease

It's [C] easier than learning your [A7] a b c's

So [G] come on, come on

[D] Do the loco-motion with [G] me

You gotta [G] swing your hips now

[C] Come on baby

Jump [G] up ... mmm jump back

Well I [D] think you got the knack, woah-oh

[G] Now that you can do-o it ... let's [Em] make a chain now

([G] Come on baby ... [Em] do the loco-motion)

A [G] chug-a chug-a motion like a [Em] railroad train now

([G] Come on baby ... [Em] do the loco-motion)

[C] Do it nice and easy now [Am] don't lose control

A [C] little bit of rhythm and [A7] a lot of soul

So [G] come on, come on

[D] Do the loco-motion with [G] me

You gotta [G] swing your hips now

[C] Come on baby

Jump [G] up ... mmm jump back

Well I [D7] think you got the knack, woah-oh

[G] Move around the floor in a [Em] loco-motion

([G] Come on baby ... [Em] do the loco-motion)

[G] Do it holding hands if [Em] you get the notion

([G] Come on baby ... [Em] do the loco-motion)

There's [C] never been a dance that's so [Am] easy to do

It [C] even makes you happy when you're [A7] feeling blue

So [G] come on, come on and [D] do the loco-motion with [G] me

C'mon baby, [Em] do the locomotion

Uh-[G]-huh, yeah baby, [Em] do the locomotion

Uh-[G]-huh, baby, please [Em] do the locomotion

[G] come on, come on and [D] do the loco-motion with [G !] me
