[Am]

[Am] I got a coin in my palm  
I can [C] make it disappear  
I got a [Am] card up my sleeve  
Name it and I'll [C] pull it out your ear  
I got a [G] rabbit in the hat  
If you [Am] wanna come and see

[C] This is [G] what will [Am] be

[C] This is [G] what will [Am] be

I got [Am] shackles on my wrists  
Soon I'll [C] slip um' I'll be gone  
Chain me in a [Am] box in the river  
And I'll [C] rise singin' this song  
Trust [G] none of what you hear  
And [Am] less of what you see

[C] This is [G] what will [Am] be

[C] This is [G] what will [Am] be

over verse [Am] [C] [Am] [C] [G] [Am]

(I'll cut you in half)

[C] [G] [Am]

[C] [G] [Am]

I got a [Am] shiny saw blade (a shiny saw blade)  
All I [C] need's a volunteer  
I'll [Am] cut you in half  
While you're [C] smilin' ear to ear  
And the [G] freedom that you sought  
Driftin' like a [Am] ghost amongst the trees

[C] This is [G] what will [Am] be

[C] This is [G] what will [Am] be

Now there's a [Am] fire down below  
But it's [C] coming up here  
So leave [Am] everything you know  
Carry [C] only what you fear  
On the road the [G] sun is sinkin' low  
Bodies [Am] hanging in the trees

[C] This is [G] what will [Am] be

[C] This is [G] what will [Am] be

[C] [G] [Am]
