

# On The Commode Again

On the (C) commode again

I can't believe I'm on the (E7) commode again

Some people call it making (Dm) music with your rear end

But (F) I can't believe I'm (G7) on the commode again (C)

On the (C) commode again

Going in places that I've (E7) never been

Seein things I hope I (Dm) never see again

I (F) can't believe I'm (G7) on the commode a-(C)-gain

On the (F) commode again

On the Can, the John, the Lou, the (C) Crapper

I've had (F) everything.....

from novels to knee slippers (C) and (G7) viagra wrappers (G7).....is

On the (C) commode again

Passing the time on the (E7) Commode Again

Hope no one hears the noise (Dm) coming from my rear end

I (F) can't believe Im on the commode a-(C)- gain

Instrumental- Same as each verse

On the (C) commode again

It can really be a problem on the (C) Highway

We're (F) improvising then...

Behind a tree or bush, all we need is a little (C) privacy.....and (G7) some tv (G7)

Till I find a (C) commode again

I just can't wait to get on the (E7) commode again

I'd rather be on a (Dm) trampoline with my friends

But (F) I can't wait till I get (G7) on the commode a-(C)-gain

No (F) I can't wait till I get (G7) on the commode a-(C)-gain. (F) (G) (C)

Yeeeee Haaa!;
