Stand by Your Man – Tammy Wynette

A D A E

```
A                               E
Sometimes it´s hard to be a woman,
Bm                  E               A
giving all your love to just one man.
D                       A
You´ll have bad times, and he´ll have good times,
B                               E
doing things that you don´t understand.

A                               E
But if you love him you´ll forgive him,
Bm                  E           A
even though he´s hard to understand.
D                       A           D
And if you love him, oh be proud of him,
A               E               A     D A E
´cause after all he´s just a man.

A               C#    D
Stand by your man, give him two arms to cling to,
A               F#
and something warm to come to,
B                       E
when the nights are cold and lonely.
A               C#    D
Stand by your man, and tell the world you love him,
A           E                   C# F# D     E       A       D A E
keep giving all the love you can.  Stand by your man.
A               C#    D
Stand by your man, and tell the world you love him,
A           E                   C# F# D     E       A   D A
keep giving all the love you can.  Stand by your man.
