

Sweet Guy

Paul Kelly

[Am ////] [Am ////] [Am ////] [Am ////]

[Am] In the morning you wreck the bed.

[Dm] You bring me coffee black and boiling.

[F] Then we start up again. And the [Am] coffee goes cold

[Am] I wake up drinking from your lips. [Dm] Kisses warm and tender

[F] And I would give up the world. Just to [Dm] see your smile

One thing [Am] I would never [G] under-[F] -stand

It's be-[Am] -come my [G] problem [D]

And It's [Am] something right [G] out of my [F] hands

My hands are [D !] clean

What makes such a sweet guy turn so mean. [Am ////]

[Am] I went to town with a moody man.

[Dm] A handsome Doctor Jekyll

[F] He was right by my side. Turning [Am] into Mr Hyde.

[Am] I ran for cover but I ran too slow. [Dm] I was stitched by strangers.

[F] And they shook their heads

that someone could [Am] do the things you did.

One thing [Am] I would never [G] under-[F] -stand

It's be-[Am] -come my [G] problem [D]

And It's [Am] something right [G] out of my [F] hands

My hands are [D !] clean

What makes such a sweet guy turn so mean.

[Am ////] [Dm ////] [F ////] [Am ////]

[C] I must be mad I must be [G] crazy

[F7] Every one keeps telling me [Am] so

[C] Every day I seem it [G] coming

Now I'm [F7] facing the wall waiting [D7] for the blow

[Am] In the morning you kiss my head. [Dm] You say it was another.

[F] Now you're down on your knees [Am] begging me to forgive you please

[Am] I wake up aching from your touch, [Dm] Every muscle tender

[F] Then I look in your eyes the way you [Am] smile, and I'm hypnotised.

One thing [Am] I would never [G] under-[F] -stand

It's be-[Am] -come my [G] problem [D]

And It's [Am] something right [G] out of my [F] hands

My hands are [D !] clean

What makes such a sweet guy turn so mean.
