

Walk a Country Mile Joy McKean (Slim Dusty)

[G] [C] [B7] [C] [G] [D7] [G] [G]

Well I've [G] walked a mile or [C] two in my [G] lifetime
And I've [C] traveled down some muddy tracks and [G] dry
Cause if I [G] wanted to [C] get where I was [B7] go-in[C] g
I knew I'd [G] just have to [D7] walk that country [G] mile [G]

Now a [C] country mile would be the longest distance
A man could ever travel when he's [G7] down
And you [G7] curse the never ending road before you
When you think you'll never make it into [C] town

But you [F] meet a friend or two along the highway
And you'll [C] learn a lot you [A7] never knew be[D7] fore [G7]
And if the [C] journey takes a lifetime
When you [F] thought a year or [D7] two
Well you [G7] just don't give up easy any[C] more

Well I've [G] walked a mile or [C] two in my [G] lifetime
And I've [C] traveled down some muddy tracks and [G] dry
Cause if I wanted to [C] get where I was [B7] go-in[C] g
I knew I'd [G] just have to [D7] walk that country [G] mile [G]

[G] [C] [B7] [C] [G] [D7] [G] [G]

[C] Walking that long mile has shown me changes
Changes in the people and the [G7] land
But I'll [G7] bet the road to Marble Bar's no better
Than when I drove with trucks and [C] caravans

And a [F] country bloke is still the same old battler
No [C] matter what the [A7] place he's working [D7] in [G7]
And al[C] though I've covered many miles
I [F] still can't wait to [D7] see
[G7] What the next _ [G7] country mile will [C] bring

Well I've [G] walked a mile or [C] two in my [G] lifetime
And I've [C] traveled down some muddy tracks and [G] dry
Cause if I wanted to [C] get where I was [B7] go-in[C] g
I knew I'd [G] just have to [D7] walk that country [G] mile
Yes I knew I'd have to [D7] walk that country [G] mile [G]
[G] [D7] [G] [G!]
