Fred Eaglesmith

INTRO: [D] [D //] [Bm //] [D //] [Bm //] [D //] [Bm //]

Well, [D] darling, I'm a -[A] coming down  
old [G] route number sixty-[Em] seven [G]  
I [D] just got off the [A] turnpike  
avoiding the O-[G]-hio state ins-[Em] pection. [G]  
[D] Johnny Law followed [A] me up the road,  
then [G] he turned off and he [D] let me go.  
I [D] guess this old [A] truck ain't worth shutting [G] down. [Em] [G]  
And your [D] voice last night on the [A] telephone  
said you [G] wouldn't be there when I got home  
So, [D] when-I-get-to-Cleveland [A] I'm heading back [G] south. [Em] [G]

## CHORUS:

Well the [D] light keeps coming [A] on....  
I've got [A] water in the [G] fuel [Em] [G]  
Well my [D] brakes are go...[A] oone....  
I got a [D] left front tire [A] throwing thread.  
By to-[G] morrow morning, [Em] I could be [G] dead.  
[D] Baby, maybe you [A] been right all a-[G] long [Em] [G]

You [D] said you couldn't [A] stay.....  
with a [G] man who was always [Em] going a-[G]-way,  
And [D] all you wanted to [A] do was to settle [G] down. [Em] [G]  
You [D] wanted to buy that [A] little trailer....  
[G] out on the edge with the money you're saving  
With a [D] carport, and a [A] colour TV and no [G] place to turn a-[D]-round.

## REPEAT CHORUS

Re-[Em !]-member that [Em !] winter when the [Em !] lake froze [Em !] over,  
We [G !] drove out [G !] there after [Em !] we'd un-[G !]-loaded,  
We [D !] revved that [D !] truck and we [D !] spun it 'round and '[A]-round.  
Then we [Em !] left it [Em !] idling out [Em !] on that [Em !] ice,  
We [G !] crawled in the [G !] sleeper and I [G !] held you [G !] tight.  
[D !] Ba - by,-I'm-sure-[A] on ... thin ice [G] now. [Em] [G]

Well the [D] light keeps coming [A] on....  
I've got [D] water in the [G] fuel [Em] [G]  
Well my [D] brakes are go...[A] oone....  
I got a [D] left front tire [A] throwing thread.  
By to-[G] morrow morning, [Em] I could be [G] dead.  
[D] Baby, maybe you [A] been right all a-[G] long [Em] [G]

[D] Baby, maybe you [A] been right all a-[G]-long [Em] [G]  
[D > ] Baby, maybe you [A > ] been right all a-[G]-long [Em / ] [G / ] [D > ]
